Ref.no.: PIS/Parent/ 2020-21/016

Date: 02.08.2020

## Notice

Dear Parents,

In this unprecedented time of global crisis we find ourselves amidst a big challenge. The school is facing severe financial crunch where we are unable to meet our recurring expenses, EMIs and even the staff salaries. For the last four months the total financial condition of the school has collapsed due to non payment of fees. We are thankful to the parents those who have cleared the school fees and stood beside us though the number is miserably less, so the situation still remains very difficult. In spite of our severe financial difficulties, the Management of Purv International School has thought of giving some relaxation to the parents on the request of Principal Secretary. Following are the steps taken by the School Management:

1. Tuition fee will be rolled back as per last year's tuition fee structure (2019-20) which stands 8%-10% waiver for each student.
2. 50% waiver on computer fees for the first six months (April – Sept).
3. 50% waiver on Miscellaneous charges for the first six months (April – Sept).
4. 30% waiver in transport charges for first three months (April – June) and further 20% additional waiver (i.e total 50% waiver) from July onwards till the bus service plies.
5. 80% waiver on hostel charges for the boarders till the hostel reopens.

We request the parents to cooperate with us during these tough times and join hands to facilitate the smooth functioning of the school and jointly overcome this crisis. We request all concerned to clear outstanding dues (including last year's dues) at the earliest and please do not pay heed to any rumour unless it is notified by the school. Those who have already paid kindly ignore. We thank you again for being with us.

Those parents who have already cleared their dues, the excess amount paid will be adjusted in the month of September 2020.

Stay safe & stay healthy.

Regards,

Subrata Chattopadhyay,  
Director & Founder Principal  
Purv International School
